EDUCATION

Bachelor of Science, Ensign College

Software Engineer, IT & Technical Support Engineer

SALT LAKE CITY, UT

January 2020 – 2024

- GPA 3.9
- Developed **Java** applications and dynamic web applications using **React** and **Node.js**.

EXPERIENCE

CHURCH OF JESUS CHRIST

System Engineer - Intern

SALT LAKE CITY, UT

September 2024 – Present

- Migrating Niagara 4 BMS temple servers to a centralized platform, enhancing operational efficiency.
- Developing documentation and standardizing the migration process to ensure consistent implementation.
- Programming and maintaining a centralized server to support high availability and scalability.

HEADSTARTERAI

Software Engineer - Fellowship

SALT LAKE CITY, UT

July 2024 – September 2024

- Engineered 5+ AI-powered applications with a 98% accuracy rate using **Next.js**, **TypeScript**, **OpenAI**, and **Node.js**.
- Collaborated with Amazon, Bloomberg, and CapitalOne engineers to enhance skills in **CI/CD**, **AI**, and **microservices**.
- Tested system performance and scalability using **AWS** and **Kubernetes** to ensure robust application delivery.

MOTOROLA SOLUTIONS

Software Engineering Intern

SALT LAKE CITY, UT

May 2024 – August 2024

- Upgraded and tested applications using .NET SDKs, refining pipelines for seamless deployment.
- Enhanced software quality by designing and implementing new features in C#, with comprehensive testing for usability and reliability.
- Conducted rigorous debugging and validation to ensure adherence to quality standards.

CHURCH OF JESUS CHRIST

Software Engineer

SALT LAKE CITY, UT

August 2023 – May 2024

- Consolidated 5+ servers into a centralized solution, streamlining system management and improving efficiency.
- Standardized web-based access for consistency across **HTML**, **CSS**, and **JavaScript**.
- Automated processes using **Excel VBA** scripts to automate data population, reducing manual input and human errors.

MOTOROLA SOLUTIONS

Software Engineering - Intern

SALT LAKE CITY, UT

May 2023 – August 2023

- Utilized **Azure DevOps** for pipeline execution and contributed to **Agile Scrum** meetings.
- Developed **WPF .NET** Features using **C#** and **XAML**, enhancing application functionality.
- Set up and managed **virtual environments** accessed via remote desktop, conducting rigorous testing and debugging to ensure stability and speed.

TECHNICAL SKILLS

PROFICIENT

- | | | | |
|-----------|------------------|----------------|-------------|
| • Java | • TypeScript | • SQL | • XML/JSON |
| • C# | • JavaScript | • Redis | • AngularJS |
| • Node.js | • CSS | • Kubernetes | • AWS Cloud |
| • .Net | • CI/CD Pipeline | • Docker | • WPF |
| • React | • GitHub | • Azure DevOps | • GIT |

EXTRACURRICULAR ACTIVITIES

SHPE – ENSIGN COLLEGE CHAPTER

President

- Led the chapter and a team of 6 leaders in organizing workshops and fundraising events, raising \$6,000 and taking 15 students to a SHPE Recruitment Conference.
- Fostered teamwork and leadership by managing a team of six and executing goal-oriented projects.
